

NN Future Matters Scholarship 2017

Are you the first within your family to follow a study at a university? Do you have clear reasons due to your personal situation why you are in need of financial support? Are you planning to do your master's in the Netherlands? And are you studying in the field of finance, risk management or economics?

Apply for the NN Future Matters Scholarship in Holland!

Why study in Holland?

- To benefit from one of the best education systems in the world;
- To take part in one of the 2,100 English-taught programmes;
- To participate in interactive education where your contribution matters;
- To become an innovative and creative thinker;
- To be part of an international community.

NN Future Matters Scholarship

At NN we want to take social responsibility by giving young people who are in need of support access to our means and expertise to help them create economic opportunities, overcome adversity and realise their dreams.

The NN Future Matters Scholarship is financed by NN and administered by EP-Nuffic. The scholarship is meant for students from the selected countries who want to do a master's programme in the Netherlands.

Application criteria

- You are from the Netherlands, Belgium, Luxembourg, Bulgaria, Czech Republic, Greece, Hungary, Poland, Romania, Slovakia, Spain or Turkey.
- You are applying for a full-time master's programme in the field of finance, risk management or economics at one of the participating Dutch research universities.
- You are starting your master's studies in September 2017.
- You meet the specific requirements of the institution of your choice.
- You have an average grade of 7 (out of 10) on your BA or BA equivalent.
- You are a first generation academic, i.e. no parent or guardian has earned a bachelor's (or equivalent) degree in your family.
- Preferably you have not yet studied or worked abroad before.

Scholarship

The scholarship amounts to €5,000 (except for students from Turkey*). You will receive €4,500 in two instalments of €2,250 each in the first year of your master's studies and €500 at the end of your studies.

Apply

You can apply for the NN Future Matters Scholarship at the Dutch institution of your choice. At www.studyinholland.nl/nfuturematters you can find an overview of the participating Dutch research universities. A jury consisting of NN and EP-Nuffic staff will select the applicants who will be granted the scholarship. The deadline for applications is 1 May 2017.

NN mentor

You will be matched with an NN-mentor who will coach you throughout your studies. With this NN Future Matters scholarship and coaching programme, NN aims to help you engage in your own economic development.

Working, studying and living in the Netherlands

You can find information on working, studying and living in the Netherlands on www.studyinholland.nl.

* Part of the scholarship is meant for tuition fees. Students from non-EEA countries like Turkey pay a much higher tuition fee than EEA students, therefore the scholarship for Turkish students is larger. It amounts to €3,000 plus the tuition fee for the relevant MA programme, up to a maximum of €17,000.
